There is no higher than that universal law, to respect the free will of every soul and the true spirit in truth on the earth in the world.

At the present time the common good is increasingly threatened by transnational and organized crime, the inappropriate use of the market and the economy and terrorism by the Eingreifgewalt, private engagement forces, the private fictitious and under commercial influence servants.

It is therefore necessary that the international original Communities apply appropriate remedies (without in time, the effective remedy), which make it possible to prevent the crime and counteract it by promoting international cooperation with existing justice in criminal matters.

The signing of various international agreements on that area, the Office has German " Deutscher Heimatbund" that exclusively and directly called on behalf of the mentally moral beings by sounds, always stressed that these agreements means to effectively combat criminal activities, the dignity that and invulnerable being a spiritual moral nature (h u m a n), the common good and peace threatening.

There is no higher than that universal law, to respect the free will of every soul and the true spirit in truth on the earth in the world.

At the present time the common good is increasingly threatened by transnational and organized crime, the inappropriate use of the market and the economy and terrorism by the Eingreifgewalt, private engagement forces, the private fictitious and under commercial influence servants.

It is therefore necessary that the international original Communities apply appropriate remedies (without in time, the effective remedy), which make it possible to prevent the crime and counteract it by promoting international cooperation with existing justice in criminal matters.

To maintain human dignity, the claim will come into effect 30 days following the entry in the year 2016 AD in good faith and cannot be challenged. It is therefore pronounced and certified in this written publication.

1. To express it quite clearly, a motu proprio is the highest form of a legal tool (legal instrument) on this planet, on the basis of its origin, effect and structure in the Western Roman world, it supersedes everything interpreted by the United Nations, the Inner and Middle Temple, the CROWN or any other monarch or head of state or government. Application in local matters for the management of the Department of the German Homeland Federation but also by every intellectual terrestrial being in Eden.

All government and bank charters are cancelled, nothing any longer exists which could oblige persons to make payment unless there is a legally binding contract between individuals. From h u m a n to h u m a n (healing).

In the event of illegal demands/actions by representatives of foreclosed government contractors, goodwill notifications may be sent which inform the public servants about the new international legal situation and set out the terms and conditions for future interactions between individuals.

These also include claims for compensation for illegal damage if the information from the goodwill notification has either not been read or understood. The invoices issued as a result may be pursued up to the right of lien.

From my own experience, I can report that the public servants either do not read the information or simply do not wish to believe it is true. They ignore it and continue with “business as usual”. It would change their lives and they wish to avoid that at all costs because their spirit and soul are dazzled by a hidden doctrine. Their god is invisible and is known by the name money.

There is no higher universal law than that to respect the free will of every soul and the true spirit in truth on Earth in the world.

In current times, the general good is increasingly threatened by inter-state and organised crime, unreasonable handling of the market and economy and by the terrorism by intervention forces, private intervention troops, the private fictitious officers who are under commercial influence.

It is therefore necessary that the original international communities use suitable legal means which enable criminality to be prevented and counteracted by promoting international collaboration with existing judicial forces in the field of criminal law.

By signing a number of international agreements in the said field, the Department of the German Homeland Federation, which is exclusively and directly named by voice and sound on behalf of intellectual terrestrial beings, has always emphasised that these agreements are means for effectively fighting criminal activities which threaten the dignity and inviolability of an intellectually moral terrestrial being (h u m a n), the general good and peace.

With the wish of strengthening efforts to achieve collaboration in this respect, I order the following by this apostolic epistle in the form of a “motu

a) The members, officials and employees of the various facilities of the home communities in Germany and affiliated institutions; global companies and all individuals are only companies on the basis of their certificate of birth if they are not recognised as h u m a n s. The Vatican has created a global trust in which the birth certificate is used to exploit the value of the future productive energy of every individual. Every state, province and country in the Fiat Money System (paper money without cover) contributes the value of its humans to this global trust, identified, for example, by SS, SIN, EIN numbers (social security numbers, tax numbers) which are managed by the Vatican Registration Department. Globally, companies (individuals become companies by their birth certificate) are connected to the Vatican by law (Vatican to CROWN to BAR to laws for humans) and by money (Vatican birth accounts to IMF to the Treasury (Federal Reserve), to banks, to humans (loans), to judges (administration) and sheriffs (police/court bailiffs) (seizure).

Judges manage the birth trust account in the event of court cases, favour the court and the banks, act as presumptive “beneficiaries” since they do not advise and instruct the “real beneficiaries” correctly about their own trust.

At no time was it dared to confront the h u m a n s as intellectually moral beings with universal human rights. No action was taken by the states.

Judges, solicitors, bankers, legislators, criminal prosecutors and all public officials (public servants) are now personally liable for their seizure of houses, cars, money and assets of the true beneficiaries, for unlawful detention, fraud, harassment and the conversion of the trust funds of the true beneficiaries.
